

GFC2000 1000mm Galvanised or Galvanised & Colour

Functional yet striking, the GFC2000 bollard is manufactured from mild steel and galvanised for longevity. A spherical cap is welded on to the bollard to complete the design. This bollard is ideal for providing an aesthetic solution to unauthorised parking and access.

The GFC2000 is available in a galvanised and galvanised and coated finish. RAL numbers must be specified at time of order.

Eyelets, hooks and chains can be added to these bollards to complete the decorative effect. Please ask for more information.
