

COO-VAR[®]

PAINTS, PRIMERS AND SPECIALISED COATINGS

STADIUM PAINTS

- ✓ Great for all aspects of a stadium, walkways, terracing tunnels & car parks
- ✓ Products can be matched to club colours
- ✓ Paint can be applied by in-house stadium staff

SUREGRIP[®]

Ready mixed, single pack aggregated floor paint that provides a rough, anti-slip finish. Suregrip has been used at sports stadiums on the terracing steps & platforms as well as external stairways & within player's tunnels. White Suregrip is often used on the steps & platforms where footfall is heavy preventing trips & slips. Suregrip is available in 8 standard colours & can be tinted to match club colours.

LINE MARKING PAINTS

Low odour line marking paint is perfect for car parks and colour coding areas of tarmac and concrete. Whilst our line marking aerosols are the fast and easy way to mark out lines.

PROFLOOR FLOOR PAINT

Profloor 2 pack water based epoxy floor paint is for heavier duty use and has been used extensively within stadium grounds. Suitable for use in heavy traffic areas such as stadiums and canteens it can be used inside and out. Profloor can also be used on existing stable paints and colour matched to suit specific club colours!
