

Masonry Stabiliser

A clear, oil based product for use on masonry, brick, screed, plaster etc. Ideal for use where the surface is powdery/unsound/degraded causing difficulties for painting.

Provides binding and sealing solution ready for painting over.

- For interior and exterior use

Alkali Resisting Primer

A high quality, low odour solvent based primer/ sealer. Ideal for use on alkaline surfaces which can attack conventional decorative coatings.

Also helps combat surfaces with varying degrees of porosity.

- Apply prior to painting on brick, plaster, cement
- For interior and exterior use

Specialist Primers

TECHNICAL INFORMATION

PRODUCT	SUITABLE SURFACES	TIN OR PACK SIZE	COLOURS	COVERAGE	DRY TIME	FINISH
Penetrating Wood Primer	Wood	250 ml, 500ml, 1 litre, 2.5 litre, 5 litre.	White	13 sqm per litre	Touch dry: 3 hours Hard dry: 8 hours	Semi-Matt
Aluminium Wood Primer	Wood	500ml, 1 litre, 2.5 litre.	Silver grey	12 sqm per litre	Touch dry: 2 hours Hard dry: 8 hours	Semi-Matt
Patent Knotting	Resinous Woods	250 ml, 500ml, 1 litre, 2.5 litre.	Translucent Brown	14 sqm per litre	Touch dry: 10 mins Hard dry: 3 hours	Gloss
Acrylic Primer Sealer Undercoat	Wood, Plaster, Brick	500ml, 1 litre, 2.5 litre, 5 litre.	White	13 sqm per litre	Touch dry: 30 mins Hard dry: 2 hours	Semi-Matt
MDF Primer	MDF desks, doors etc.	500ml, 1 litre, 2.5 litre, 5 litre.	White	13 sqm per litre	Touch dry: 30 mins Hard dry: 2 hours	Matt
Zinc Phosphate Primer	Wood/Metal surfaces including steel, iron, aluminium etc.	500ml, 1 litre, 2.5 litre, 5 litre, 20 litre.	Red, Grey	13 sqm per litre	Touch dry: 2 hours Hard dry: 12 hours	Semi-Matt
All Metals Primer (Water Based)	Metals (Iron, Steel, Aluminium, Brass, Galvanised etc.)	250 ml, 500ml, 1 litre, 2.5 litre, 5 litre.	Red, Grey	12 sqm per litre	Touch dry: 1.5 hours Hard dry: 4 hours	Matt
Red Oxide Metal Primer	Ferrous Metals	250ml, 500ml, 1 litre, 2.5 litre, 5 litre.	Red	13 sqm per litre	Touch dry: 2 hours Hard dry: 12 hours	Matt
Stain Block All Purpose Primer	Tiles, Wood, Metal, Plaster, Most Plastics	500ml, 1 litre, 2.5 litre, 5 litre.	White	10 sqm per litre	Touch dry: 30 mins Hard dry: 4 hours	Matt
All Purpose Primer	Metal, Wood, Plaster, Masonry, Some Plastics	250ml, 500ml, 1 litre, 2.5 litre, 5 litre.	White	12 sqm per litre	Touch dry: 1.5 hours Hard dry: 4 hours	Matt
Masonry Stabiliser	Brick, Screed, Plaster	1 litre, 2.5 litre, 5 litre.	Clear	9 sqm per litre	Touch dry: 2 hours Hard dry: 12 hours	
Alkali Resisting Primer	Plaster, Masonry	1 litre, 2.5 litre, 5 litre.	White	10 sqm per litre	Touch dry: 30 mins Hard dry: 4 hours	Matt
Tile & Melamine Primer	Tiles, Melamine	250ml, 500ml, 1 litre, 2.5 litre.	White	8 sqm per litre	Touch dry: 2 hours Hard dry: 4-6 hours	Matt
Rust Converter	Iron, Steel	250 ml, 2.5 litre	Milky. Turns rust black.	10 sqm per litre	Touch dry: 4 hours Hard dry: 8 hours	Low Sheen

TECHNICAL & SPECIFICATION SERVICE

For full application details or technical and health & safety information, please read the relevant product data sheets which are available from our sales office and are downloadable from our website www.coo-var.co.uk.

The Coo-Var Technical Services Department can provide a wide range of services, information and back-up to support our customers and end users.

To arrange for a site visit and specification, please contact us.

coo-var®
PAINTS, PRIMERS AND SPECIALISED COATINGS

For Wood

Penetrating Wood Primer

A high quality oil based primer which penetrates deep into the substrate. This helps to seal the surface and resist moisture. Suitable for all soft woods.

- Suitable for interior and exterior use.

Aluminium Wood Primer

Ideal for use on knotted or resinous timber to prevent staining. Also acts as a heavy duty wood primer.

Patent Knotting

A low viscosity shellac based product for use on knotted or resinous areas of wood. This prevents the resin surfacing and marking paint film over the top.

Is compatible with various Coo-Var primers depending on substrate - if in doubt, speak to Coo-Var Technical Services.

Dries to a translucent brown gloss.

**THE
EFFECTIVE
SOLUTION**

If you have ever heard the saying 'its all in the preparation' then you will know the importance of a good primer.

Coo-Var have over 100 years experience manufacturing specialist paints, including a wide range of primers for most applications. We have water based and oil based varieties, and with primers suitable for interior and exterior use, you can be confident there is one for your job. These high quality products will help your paintwork brave the storms and stand

Acrylic Primer Sealer Undercoat

A water based primer giving the benefit of being low odour and fast drying.

Ideal for plaster preparation or for any wood surface which requires priming. Also suitable for bricks and walls.

- Suitable for interior and exterior use
- Fast drying
- Provides a white finish which can be left or overcoated if required.

Non-flammable

MDF Primer

A water based white primer specially formulated for MDF surfaces such as furniture, doors, panels and frames etc.

- Touch dry in 30 minutes
- Provides a flat white finish ideal for overcoating with oil or water based top coats.

Water Based

the test of time.

This brochure takes you through Coo-Var's range of primers, which applications they are suitable for, their benefits and their technical information (back page).

At any point in your decision or even after the coating is applied, you can call Coo-Var Technical Services to get advice and to answer any questions you may have – 01482 328053.

Zinc Phosphate Primer

A high performance metal primer for use on most metal surfaces including steel, iron and aluminium (if abraded or etched).

In addition, this primer can be used on wood/metal composite surfaces when combined in the same structure as it will prime both surfaces e.g. window frames made up of both materials.

- A high durability primer - ideal in coastal areas
- Dries to a matt finish
- Ideal for fire escapes, window frames, metal gates, metal garage doors, etc.

All Metals Primer (Water based)

Coo-Var All Metals Primer is fast drying and can be overcoated with a large range of top coats.

Will enhance the performance of Coo-Var Hammercote and is an ideal primer on all metal and galvanised surfaces.

- Suitable for interior and exterior use
- Fast drying
- Ideal for use on iron, steel, aluminium, brass, copper, galvanised surfaces, and many more.

Water Based

For Metals/Other Surfaces

Red Oxide Metal Primer

A good general purpose, traditional metal primer for use on ferrous metallic surfaces. Has good anti-corrosive properties.

Stain Block All Purpose

A white, general purpose stain blocking primer made with low odour solvents.

This multi surface primer gives excellent coverage to a multitude of stains, ensuring it does not bleed through the finishing coat.

- Suitable for interior and exterior use
- Fast drying
- Can be overcoated with most top coats

All Purpose Primer

A general purpose, water based primer. Is ideal on multi-surface substrates or when a 'one solution' product is required.

Suitable for use on plaster, metals and wood and some plastics (test a small area first).

**The
SIMPLE EFFECTIVE
Solution**

NOTE: Always read the instructions as well as health & safety information before applying any coating.
