

ilēktro™

two thousand
electric fire

PAUL AGNEW | DESIGNS

ilektroTM

two thousand electric fire

Make a bold statement with the ilektro 2000.

Being the largest fireplace in the ilektro range, the ilektro 2000 is sure to turn some heads.

With an array of lighting options and the most realistic ceramic log set, an ilektro fireplace is minimal in design yet visually stunning - making it the perfect statement piece.

HIGH DEFINITION

Contoured realistic flame technology with a custom designed hand crafted log bed.

OPTIMAL CONTROL

Your flame is able to be controlled and customised by you along with the log fuel bed, You can also control the colour and brightness of the downlight as preferred by you.

SOUND EFFECT

With audio volume control, you can set the crackling of your fire to create your authentic fireplace.

REMOTE HANDSET

With your infrared remote, control your fire settings from the comfort of your sofa.

APP CONTROL

Convenient App control available and compatible for most smart phones and tablets.

THERMOSTAT

Ultra quiet fan heater with a seven day programmer thermostatically controlled. (1-2kW)

OPTIONAL EXTRAS

Anti reflective glass and scene lighting LED kit available upon request.

WARRANTY

2 year warranty for added assurance.
